

ALCO Filters celebrates 50 years of making filters!

ALCO Filters celebrates this year 50 years of presence in the filter making business. The company was established in 1973 by Senior Managing Director Mr. Antonis Louca and is now being operated by his son Managing Director Mr. Loizos Louca.

Celebrating our 50 years anniversary!

Vision & Mission:

The size of the company may have grown beyond recognition, but the basic philosophy remains the same ; to provide our customers with quality goods and services that will enable them to create wealth and prosperity for themselves.

Excellent Services:

- **Quality:** We always respect our partners' values and needs.
- **Range:** Comprehensive Filter Range with over 3,300-part numbers constantly adding new.
- **Delivery:** Four large distribution facilities ensuring fast & efficient delivery

Our Core Values:

Quality & Reliability

We provide outstanding products & unsurpassed service, that together deliver value to our customers.

Integrity & Passion

We work with integrity in everything we do & embody our principles when working with our partners. We love what we do and commit to it.

Constant Improvement

We constantly strive to redefine and improve in everything we do.

Respect

We always respect our partners' values and needs.

As in any manufacturing industry, a large part of ALCO's growing reputation for quality and reliability is down to meeting customer demand.

From the customer's point of view, ALCO means reliability. Not only in the high standard of protection offered by our filters, but in knowing that orders will be met on time.
